FORT WORTH FARM & RANCH CLUB

Your Invitation To Join

TO PROMOTE, ENCOURAGE AND
STIMULATE THE INTEREST IN AND
ADVANCEMENT OF AGRICULTURE AND
AGRIBUSINESS IN FORT WORTH

EST 1950

An Invitation to Join!

It's a Fact...

- ☛ 49% of the US population was considered rural in 1920
- ☛ 15% of the US population was considered to be farmers and ranchers in 1950
- ☛ **Today, farmers and ranchers represent less than 2% of the total US population.**

The Mission...

In today's world of busy schedules, we sometimes lose touch of the fact that our own relatives were involved with production agriculture in some form or fashion. Many of us can remember going to Grandpa's farm or have heard stories from our grandparents about their experiences down on the farm. For others, time has completely removed their direct touch to agriculture.

The **Fort Worth Farm & Ranch Club's** projects revolved around promoting and educating individuals, especially youngsters, about the importance of agriculture in their daily lives. The club supports the Tarrant County Jr. Livestock Show each March for 4-H and FFA members and Pizza Ranch, targeted at educating 4th graders about agriculture by teaching where pizza ingredients come from!

The Fort Worth Farm & Ranch Club

The fifty+ year history of the club is rich with tradition and the roll of officers, directors and members is somewhat of a "Who's Who" list in agriculture. For decades, the **Farm & Ranch Club** has met regularly to stay informed about the rapid changes and dramatic trends in the agricultural industry. The current membership consists of individuals committed to making a difference in agriculture.

Providing a unique opportunity for those interested and involved in the agricultural industry to interact with other interested parties is a priority for the **Fort Worth Farm & Ranch Club**. Over the years, technological and societal changes have allowed the club to grow to also provide a networking atmosphere during the monthly meetings.

The Meetings...

Monthly meetings give all members an opportunity to hear and interact with informative programs from a wide range of specialists in the fields of agricultural production, processing, marketing, research.

Please join us! The **Fort Worth Farm & Ranch Club** meets the 4th Tuesday of each month at 12:00 Noon at the Texas & Southwestern Cattle Raiser's Museum, 1301 W. 7th St. in Fort Worth.

The Fort Worth Farm & Ranch Club is a non-profit, non-political organization and is a self-sufficient facet of the Fort Worth Chamber of Commerce. The Club is governed by a slate of officers and a Board of Directors elected by the membership.

Yes! I want to join now

I have enclosed payment and understand I will be billed each January for membership dues.
